

## Greetings of Peace... To the People of Islam

By the Mujahid Hamza bin Usama bin Laden (May Allah Preserve Him)

بِسْمِ اللَّهِ الرَّحْمَنِ الرَّحِيمِ

All praise is due to Allah, whom we seek His help and forgiveness. We seek refuge in Allah from whatever evil our hearts conceal and from the consequences of our evil deeds. Whoever Allah grants guidance will never be led astray, and whoever He leads astray will never find guidance. I attest that none is worthy of worship except Allah, who has no partners, and that Muhammad is His slave and Messenger.

And henceforth:

To the Islamic Ummah in general: Peace be upon you, and the mercy and blessings of Allah.

My Muslim Ummah: A little more than a decade has passed since the unjust Crusaders have launched their war against you where you have received consecutive blows, some of which touched your faith, some of which touched your belief, some of which insulted your Prophet Muhammad, peace and blessings of Allah be upon him, and some of which touched your holy sites and sanctities. For us Allah sufficeth, and He is the best disposer of affairs. You are a loyal, devout Ummah. You resisted the oppressors and their assault and aggression despite your weakness and lack of energy. O blessed Ummah, you have bore wise, strong, and brave leaders who are great sacrificers of self. May Allah reward you for your patience, perseverance, and steadfastness. May Allah bless you for your continuous sacrifices of hundreds of thousands of the elderly, women, and children as martyrs, may Allah have mercy on them and may He let reside in His Paradise, and an even greater number of wounded and imprisoned, may Allah heal them and release them from their shackles, and other numbers that Allah knows of widows, orphans, and bereaved, may Allah relieve them and give them in their calamity what is better. May Allah reward you, my Muslim Ummah, raise your destiny, hasten your victory, and bless you.

And specifically, I mention the steadfast mountain of jihad, Emir al-Mumineen Mullah Muhammad Omar, may Allah protect him, and the soldiers of the Islamic Emirate, may

Allah bless them. May Allah reward you from u and the Muslims immensely and thank you for what you seek, and bless you for your efforts. In this place, and following my father, may Allah have mercy on him, I want to renew my bay'a to Emir al-Mumineen Mullah Muhammad Omar and say: I pledge allegiance to hear and obey you in times of difficulty and prosperity, in jihad in the way of Allah the Almighty and Exalted. I ask Allah to grant you victory and empowerment.

Also, I greet with reverence the friend of my father, may Allah have mercy on him, and his companion on the path, the honourable sheikh, the patient, and the firm, as we consider him and Allah knows him best, the Sheikh Emir Ayman al-Zawahiri, may Allah protect him from all evil. Greetings O honourable sheikh. May Allah bless your jihad, perseverance, and patience. I ask Allah to bless your life, your time, and your efforts, and to keep you for Islam and the Muslims.

An honourable tribute and commendation to the muhajireen strangers for their patience in the hardship of Hijra, alienation, and loneliness. To the loyal, invisible, heroic knights whose dead have died before being able to do what they wanted to do, and whose best dies without his Ummah hearing about him. To those unwavering in steadfastness and patience during shelling and air raids, to our beloved brothers in Khorasan: Greetings O loyal ones. I ask Allah to reward you immensely for your patience and steadfastness. Indeed, the patient will be given their reward without account.

And I send peace, greetings, and appreciation to our brothers the lions of the Arabian Peninsula led by the beloved sheikh, the deputy emir of Qaedat al-Jihad, Sheikh Abu Baseer Nassir al-Wuhayshi, and his intrepid soldiers - the soldiers of Yemen of wisdom, support, and faith. May the blessings of Allah be upon you, may He make Paradise your final resting place, and may He accept your jihad and your sowing affliction in your enemies. I ask Allah to bless you.

And I extend my greetings to the honourable sheikh, the patient, as we consider him, Abu Musab Abdul Wadud, and his soldiers, the knights of the Islamic Maghreb and its lions, who showed the finest examples in patience, honour, and dignity. May Allah bless you, care for you, and protect the Islamic Maghreb in your steadfastness. I ask Allah to bless you in your jihad, and to give you abundant patience and certainty.

And thanks, courtesy, and gratitude to our people in Somalia, the steadfast and patient to divine will and decree, both sweet and bitter, to the defenders of the eastern front of Islam, may Allah protect and save them, and make Paradise their resting place. May Allah bless your efforts and your Jihad. We extend our condolences especially to you, and to the Islamic Ummah in general, for the martyrdom of the knight of Islam, the hero Sheikh Mukhtar Abu al-Zubayr, may Allah have mercy on him and place him in His highest levels of Paradise. We applaud the sheikh's chosen successor, Sheikh Ahmed Omar Abu Obeida, may Allah protect him. We ask Allah to help you and lead your steps on the

straight path, and to make you a thorn in the throat of the Crusaders and their helpers.

A great, honourable salutation to the daring commander, Sheikh al-Fateh Abu Muhammed al-Jawlani and his soldiers, may Allah protect and save them. May Allah guide your steps on the straight path. You have inflicted great harm on the enemy and written heroic pages in history. May Allah bless you for your efforts and sacrifices, and may He grant you the highest of Paradise. As we thank you for your Jihad, perseverance, and unique sacrifices that honour our Islamic ancestors, by Allah, we were grieved by the fitna that overwhelmed your field, and there is no power or strength but with Allah. We advise you to stay far away from this fitna. One continues to guard his faith so long as he does not shed blood unjustly. The demise of the world is easier to Allah than killing a single Muslim, and so the demise of our jihad and our mujahideen is all the more reason. I ask Allah to help us and you avoid the fitnas, both the apparent and the hidden.

Thanks, appreciation, and salutations to the knights of the Indian Sub-Continent, led by Sheikh Assem Omar and his brothers, may Allah protect and save them and light up their path. They are a living example in uniting and unifying the ranks of the Muslims. Let them be an example as Allah the Almighty said: **"Truly Allah loves those who fight in His Cause in battle array, as if they were a solid cemented structure."** (Surah As-Saff, 4) May Allah reward you for this good step, and I ask Him to bless your work, your time, and your affairs.

A greeting of peace and a bouquet of respect and harmony to the rest of the Mujahideen all over the world, in Palestine of pride, steadfastness, and forbearance, and in Iraq of courage and manhood, and in Libya of Omar al-Mukhtar, and in Chechnya of sacrifice and tenacity, and in Indonesia of resistance to Christianization and misguidance, and wounded Burma, and East Turkestan, and all Islamic countries. May Allah bless you and care for you, may He grant you victory over your enemies and strengthen you, and may He fill you with patience from Him.

In conclusion to my greetings and salutations... to all of our brothers and our steadfast, imprisoned sheikhs who did not waver nor change, and who are steadfast despite the whips of the executioners over the years, and specifically Sheikh Omar Abdel Rahman, Sheikh Sulayman al-Alwan, and Khalid Sheikh Mohammed and his brothers, may Allah release them. And from the sheikhs that I apprenticed under: Sheikh Ahmed Hassan Abu al-Khayr, Sheikh Abu Mohammed al-Masri, Sheikh Saif al-Adel, and Sheikh Sulayman Abu Ghaith - may Allah release them all. A special greeting to the divine and truthful sheikhs in the prisons of Bilad al-Haramayn... I ask Allah to unshackle them all and every oppressed Muslim prisoner, and relieve them, and ease their distress, for He is able to do that.

I bring you good news that your Mujahideen brothers are doing everything in their power to unshackle and free you. You will be free soon, with permission from Allah. I bring you

good news that Allah will reward you for your patience and perseverance inside the prisons. You have become a source of inspiration, patience, and stability for the Islamic Ummah and its youth. By Allah, we have not and will not forget you. Some of your brothers wish to be imprisoned in your place instead of you so that you be free and dignified in their place.

*The tears of the shackled prisoner there and the blood of the martyr here will meet  
Until the prairies feed on the blood and tears, no other water will help except the flood*

My Mujahideen brothers: The fruit of your Jihad, your steadfastness, your efforts, your giving, and the Jihad of the Mujahideen of those who preceded you in truth, whether they were emirs or soldiers, is nearing ripeness, and soon is its picking, with permission from Allah, so preserve them with all that you can.

Be glad... global infidelity and its head, America, have received fatal blows and a reprehensible defeat that shook its structures by your pure hands, leaving only its fall, with permission from Allah. Be firm, patient, and continue onwards, as your victory and aid is from Allah.

My Muslim Ummah: It is also not hidden from you the Crusader campaign that was waged on you by the younger Bush, and that was followed by the black leader of the criminal gang in the White House with another campaign against the Muslims in Iraq and Sham. In this regard, we console the families of all the martyrs and victims, and we support all those who are displaced and made to be fugitives. May Allah reward you and console you in your affliction.

In the hands of this important event, I say we should have clear and serious stances against this Crusader campaign that fit the enormity of the situation.

First stance: We have to know that these brutal, repeated Crusader campaigns are not what they try to show as a war on terror, or on a specific leader, or on a specific group, but it is an ideological war on Islam to remove the doctrine of Tawheed. It targets the pinnacle of the religion, the obligation of Jihad, it infringes on our holy sites, and it robs our wealth, so our Ummah would become nothing among nations and they would manipulate us as they wish. All who sacrifice and defend these great principles would be fought and chased, and plots would be hatched against him, and enemies would unite to confront him and remove him from existence. "Fain would they extinguish Allah's light with their mouths, but Allah will not allow but that His light should be perfected, even though the Unbelievers may detest (it)." (Surah At-Tawba, 32)

Second stance: It is from the cunning of the enemies of Allah that they divided the roles among the allies to what suits them, and with titles to avoid provoking the Muslims against them, coinciding with the Crusader campaign on Iraq and Sham. They desecrated

the noble Masjid al-Aqsa, they continued their campaign waged by the African Union against our families and brothers in Somalia, they allied with the Rafidah in Yemen to kill our beloved Yemeni people with their proud tribes and their honourable Mujahideen, and in Waziristan, they continued their Crusader campaign along with a media cover-up, fearing sympathy from the Islamic Ummah with their brothers there. And so the rest of the wounds of the Islamic Ummah. For us Allah sufficeth, and He is the best disposer of affairs

Third stance: This unjust Crusader campaign requires of the Islamic Ummah and its youth a truthful and strong unified stand against it. There is no more time for rest. The burden is heavy, the trust is great, and the gates of Paradise are wide open and calling: "Be quick in the race for forgiveness from your Lord, and for a Garden whose width is that (of the whole) of the heavens and of the earth, prepared for the righteous." (Surah Aal-i-Imraan, 133) It is time for a profitable trade with the King Judge: "O ye who believe! Shall I lead you to a bargain that will save you from a grievous Penalty? That ye believe in Allah and His Messenger, and that ye strive (your utmost) in the way of Allah, with your property and your persons: That will be best for you, if ye but knew! He will forgive you your sins, and admit you to Gardens beneath which Rivers flow, and to beautiful mansions in Gardens of Eternity: that is indeed the Supreme Achievement." (Surah As-Saff, 10-12) Our Muslim brothers need to rise up in support of their oppressed Muslim brethren and to confront the aggression of the Crusaders until there is no fitna and [until] the religion, all of it, is for Allah.

Fourth stance: My Mujahideen brothers in Iraq and Sham: The enemies of Islam, despite their various differences, religions, and denominations, have united to fight you. They are the Crusaders, the Jews, the Alawite Nusayris, the Safavid Rafidah, and the apostate mercenaries from various countries. They gathered to eradicate you. We will not be able to repel their aggression, break their union, and destroy their edifice unless we unify our ranks and pass over our differences. We realize the size of the danger that threatens our Ummah and the Muslims. Our Lord is one, our religion is one, our Prophet is one, our Book is one, and our enemy is one, so why do we disagree and argue in fighting a unified enemy? Why do we disagree and argue and Masjid al-Aqsa is being desecrated? Your brothers in Palestine are waiting for you. The hope of the ones in prisons are in you after their hope in Allah. The displaced muhajireen are hoping to return to their countries to be ruled by the Shariah of the Most Gracious. Allah the Great and Exalted commanded us by saying: "And hold fast, all together, by the rope which Allah (stretches out for you), and be not divided among yourselves; and remember with gratitude Allah's favour on you; for ye were enemies and He joined your hearts in love, so that by His Grace, ye became brethren; and ye were on the brink of the pit of Fire, and He saved you from it. Thus doth Allah make His Signs clear to you: That ye may be guided." (Surah Aal-i-Imraan, 103)

Know this O servants of Allah: The situation is not to be taken lightly but the stage is urgent and decisive. Allah the Glorified and Sublime warned His believers from being

described as those of Ahl al-Kitab who studied it and did not live by it. They knew the fatality of division and separation and did not care for it. Allah the Great and Exalted said in His Holy Book: "Be not like those who are divided amongst themselves and fall into disputations after receiving Clear Signs: For them is a dreadful penalty." (Surah Aal-i-Imraan, 105) And the Exalted said: "Nor did the People of the Book make schisms, until after there came to them Clear Evidence." (Surah Al-Bayyina, 4) All those who sacrifice to implement the Shariah of Allah should begin implementing it on himself and his group and to work with what he knows to accept Allah the Exalted and make His religion victorious. He would please his Muslim brothers from the East to the West of the earth, and he would earn happiness in both realms, with permission from Allah. Every jihadi group in Sham should unite around the great word of Tawheed, where the Mujahideen gathered to implement Islamic Shariah and to oppose the infidels who seek to corrupt the earth. They should be careful of some of those who belong to the Syrian revolution who received support and training from the Americans to implement their project in aborting the establishment of Islamic Shariah, and to plant differences amongst jihadi groups, and to establish a puppet government to protect their interests in the region.

My Muslim Ummah: The head of international infidelity is trying very hard in their wars not to directly confront the jihadi lions, and that is something we will not allow. One of the greatest blessings of Allah on the Mujahideen led by my father, may Allah have mercy on him, was putting a strategic plan to lure the head of the global infidel snake. Allah the Great and Exalted blessed him with it and its success. He was able to concentrate on the head of the infidel snake, America, and to exhaust it as much as possible, to the point that it lost its prestige and position, and lost its soldiers, and dissipated its economy for a costly war, thus making its stay in our country more expensive than robbing our wealth, and forcing him to retreat and leave. Focusing on the head of international infidelity requires staying as far away as possible from its local agents and allies in an effort to provide the most direct blows, which will result in its fall and its abandoning its agents, where it will be easy to deal with after that, with permission from Allah.

Just like in this blessed plan, Umar ibn al-Khattab, may Allah be pleased with him, in what al-Bukhari narrated in his Sahih from Umar ibn al-Khattab, may Allah be pleased with him: "He sent the people to the great countries to fight the polytheists. When al-Hurmuzan embraced Islam, Umar said to him. "I would like to consult you regarding these countries which I intend to invade." Al-Hurmuzan said, "Yes, the example of these countries and their inhabitants who are the enemies of the Muslims, is like a bird with a head, two wings and two legs; if one of its wings got broken, it would get up over its two legs, with one wing and the head; and if the other wing got broken, it would get up with two legs and a head, but if its head got destroyed, then the two legs, two wings and the head would become useless. The head stands for Khosrau, and one wing stands for Caesar and the other wing stands for Faris. So, order the Muslims to go towards Khosrau..." And he said the rest of the Hadith.

I figured that the Zionist-Crusader alliance led by America today is like a bird: America is its head, NATO is one wing and the Jewish state in the occupied Palestine is the other wing, and the legs are the oppressive dictators sitting on the chests of the peoples of the Muslim Ummah...

By concentrating on the head, with permission from Allah, it guarantees that all will go.

This is the general plan of the Mujahideen. As far as the Rafidah, the Mujahideen, praise be to Allah, are vigilant to their danger and aware of them. We have warned them repeatedly that we are busy with fighting global infidelity and to leave us alone. They ignored our warning and thrust themselves with what does not concern them. They attacked our Mujahideen brothers many times, causing anger among the Mujahideen commanders, who relied on their patience because of what we previously said is preoccupying us. They crossed the lines in some arenas like Iraq, Sham, and the Arabian Peninsula. They transgressed against the sanctity of the Muslims and their blood, and caused destruction. They assisted the Crusaders in the invasion of Afghanistan, and they allied with them in Iraq, and they started to expand in our countries with their latest criminal alliance with the Americans in Yemen by occupying a few of its provinces. The Mujahideen overcame them, and responded and lifted off their aggression from the oppressed, and put an end to them. Excused is he who warns.

By the grace of Allah and according to this blessed plan... the Mujahideen followed it over the past decade and before, and so came Nairobi and Dar-es-Salam, followed by the destruction of the USS Cole, and then the blessed invasions of September 11 forced arrogant America to go down to the battlefield. The battlefields of Kabul and Baghdad had the Muslim heroes from all over the globe pour down to the battlegrounds competing to be sacrificed to please their Lord with all His glory, and to rush to Paradise as wide as the heavens and the earth. At their hands America tasted venomous death and sustained heavy fatalities, and its soldiers returned with exhausting wounds, and it lost untold amounts of money and gear, as Allah the Glorified and Sublime had said: "The Unbelievers spend their wealth to hinder (man) from the path of Allah, and so will they continue to spend; but in the end they will have (only) regrets and sighs; at length they will be overcome: and the Unbelievers will be gathered together to Hell." (Surah Al-Anfal, 36)

And by the grace of Allah and then by the grace of the plan of the Mujahideen, the global American influence has weakened and has taken a fall and is declining, and it is unsteady and collapsing.

What our dear Muslim Ummah is witnessing today from the fluctuating situation of America is the fruit of this blessed jihadi plan. The terrible weakness that hit it explains its declining role on the ground and in international forums, and it explains its abstention and hesitation and the confused decisions that its leadership makes when it comes to

interfering in Muslims countries, because it learned great lessons from the high number of red coffins that returned from Afghanistan and Iraq.

The red coffins taught the American people what they did not learn from the messages of the Mujahideen leaders. It taught them what they did not learn with leniency. It taught them that if you threaten the security of others, your security would be threatened, and that if you assault them, you will be assaulted, and that if you disturb their sleep, your sleep will be disturbed as well as the minds of your soldiers. Injustice will be punished. Allah deters with His ruling what was not deterred by the Qur'an.

The American people understood the lesson well. After it was mostly in favor of the war on Afghanistan and Iraq, the majority became in favor of withdrawal instead of supporting a new occupation of Muslim lands, and all praise is due to Allah, the Lord of the Worlds.

*Injustice strikes its people \*\*\* And oppression breeds dreadful consequences*

My Muslim Ummah... my Mujahideen brothers... the American enemy has realized recently the success of the plan of the Mujahideen, and has consequently started to take the necessary steps to counter it. It has started sponsoring its agents in the area to fight us, to keep its own head and wings safe, preoccupying us with fighting the legs and fingers. It wants us to sacrifice in this battle our blood and the best of our men and heroes while all they spend is their money and the most insignificant from their slaves and possessions.

So the Islamic Ummah in general and the Mujahideen especially should understand this matter accurately and tackle it.

My Muslim Ummah, your sons in Palestine are quivering under the oppression of the occupying Jews, and they are being tested with the worst of torture, killing of their sons, and widowing of their women. In that is a great trial, and oppression and transgression, and prison and arrests, and defilement of sanctities, and strangling siege and deep hatred, and estrangement of methodology, and the gradual destruction of lands. Even Masjid al-Aqsa is being violated by the Jews in front of the entire world. Tunnels have been dug under its grounds, and conspiracies have been woven against it. Our oppressed brothers there are watching what is being done to the first of the two Qiblas, and the place of the accession of our Prophet Muhammad, peace and blessings of Allah be upon him, and they are striving to protect it to the extent of their ability. They have performed in this regard great and heroic deeds, we hope from Allah to accept from them and reward them with goodness.

Even now our brothers in Gaza of pride... in steadfast, proud Gaza, are enduring the bitterness of the siege, and are suffering from hunger, fear, and destruction. Eid passes by them without the blood of their martyrs having dried, and Eid passes by some of us

without having supported or helped anyone! So until when are our families going to be besieged and helpless? Until when will Masjid al-Aqsa continue to be humiliated? Is it not time yet to rise? Is it not time yet to break the chains? Is it not time yet to rise against the rulers and to line up the ranks? Not for democracy or personal freedom, but for 'There is no god but Allah and Muhammad is the Messenger of Allah', and to implement the ruling of the Lord, in order to destroy the borders and free the patient people of Palestine. This obligation first falls upon the people of the neighbouring grounds of the beloved land.

O Muslims in those lands, rise against your rulers, for you are the ones who have destroyed the barrier of fear and performed heroic acts for the past three years, but people who preferred the world and their posts wasted your uprisings so that the Western leaders would be content with them.

So declare it this time loud and clear, that there is no rule except that of Allah, and there is no law except the law of Allah, and that there is no way to free al-Aqsa except Jihad in the way of Allah. Allah the Great and Exalted says to you, O my Ummah: "And why should ye not fight in the world Allah and of those who, being weak, are ill-treated (and oppressed)?- Men, women, and children, whose cry is: "Our Lord! Rescue us from this town, whose people are oppressors; and raise for us from thee one who will protect; and raise for us from thee one who will help!" (Surah An-Nisaa, 75) My Ummah! We are all going to be questioned in front of Allah the Great and Exalted, why didn't you fight in the way of Allah, and the oppressed in Gaza are being exterminated, and the Jews are tampering with Masjid al-Aqsa, and your brothers in the prisons are calling?

So every Muslim who believes in Allah and the last day should prepare an answer for this question.

Until when are we going to waste our efforts in sayings and doings while most of it does not repel the atrocity of weapons, nor does it wound the enemy in the least?

The only way to free Masjid al-Aqsa is by doing and not by saying... it is through Jihad in the way of Allah, and it is through fighting in the way of Allah... it is through fighting the oppressive Jews, and by fighting the prime criminal in the establishment of their state, and their main supporter with money, weapons, and experience, and the main criminal in the conflagration of Gaza, and is America... the caretaker of the Jews and the protector of the Cross, may Allah give it with what it deserves.

So the Muslims should support their brothers in Palestine, and that is by fighting the Jews and the Americans... not just in America and the occupied Palestine and in Afghanistan, but throughout the length and breadth of the earth, for the land of Allah is vast and their interests are spread out, and to Allah is all praise. This work is what we are entrusted with and that is what we have to prepare to answer on the Day of Judgment. This work is the most vexing to the Crusader campaign led by America, for what America and its allies fear

the most is that we shift the battle from Kabul, Baghdad, and Gaza to Washington, London, Paris, and Tel Aviv, and that we transfer the battle to all of the interests of America, the Jews, and the West in the world.

O youth of Islam, this is an obligation upon you, and this is your role, so show Allah from you what He will be satisfied with, may Allah grant you victory, support you, guide you, and be with you. Let there be a good example for you in the modern day knights and lions of the likes of Nidal Hassan, Muhammad Merrah, Umar Farooq, may Allah hasten his release, and the brothers Tamerlan and Jahar Tsarnaev, and other hidden people who performed these heroic acts inside occupied Palestine and we do not know about them and it sufficeth for them that Allah knows them.

Then I direct a special message to the Muslim youth in America, in Western countries, and in occupied Palestine... to the Muslim mujahid youth in the way of Allah, to the people who saw the world in its beauty and adornment and preferred what is with Allah and the hereafter, and whose hearts witnessed faith so they divorced the world three times and they decided to leave for the battlefields of Jihad or are just about to do so...

My beloved brothers, know that you are from the dedicated soldiers of Allah, as we hold you and Allah is your reckoner. Allah has blessed you and honoured you with Jihad in His way, so if you do it, you shall vex the enemies of Allah in ways that cannot be done by many of your brothers here. A single sincere operation from one knight amongst you, who chose a target well, and performed it well, will shake the roots of the major countries greatly. So imagine the impact of tens of operations. I instruct you to fear Allah, to perform your deeds in complete secrecy, to take in account the possible means, and not to underestimate your deeds, and to tape a will to publish after the operation if Allah takes martyrs from you. So rely on Allah, for He is with you and He will support you and grant you victory. Allah will not fail you, by His will. The meeting place is Paradise, by the will of Allah. "Allah hath purchased of the believers their persons and their goods; for theirs (in return) is the garden (of Paradise): they fight in His cause, and slay and are slain: a promise binding on Him in truth, through the Law, the Gospel, and the Qur'an: and who is more faithful to his covenant than Allah? then rejoice in the bargain which ye have concluded: that is the achievement supreme." (Surah At-Tawba, 111)

And useful in this regard is the video release of as-Sahab entitled "You Are Held Responsible Only for Yourself".

The essence of the above mentioned is that there are two ways available for the general public of Muslims to support the people of Palestine, and to fight against the unjust Crusade against Islam in Iraq and Sham:

First, supporting Jihad and its people in the great front of Sham, as they are on a stone's throw distance from Bait al-Maqdis.

Second, targeting the Jewish and American interests in all of the inhabited lands in the world.

So draw closer to Allah, O Muslims, by choosing one amongst the two.

My Muslim brothers: While we are all following the transgression of the Jews against the beloved Palestine, and the transgressions of the Crusaders in the Land of Two Rivers, and on Sham, the foothold of the believers, at this time some of your brothers are living under constant air raids and between the fire of cannons while their houses have been destroyed, their women have been exiled, and there are but a few from the Ummah of Islam who know about them. That is because the enemies of Islam want to exterminate them in complete silence, so that the flame of the global Jihad is extinguished from that blessed land, from the land of patient Waziristan - that land whose people have presented live, lofty examples of patience and perseverance in the face of the American drones that have been stationed in their skies for several years now. They left but only for a very short while, and have attacked your muhajireen brothers hundreds of times. A blessed group from amongst them passed away in caravans of martyrs - we hold them so, and we do not exalt anyone over Allah. In the recent months, the apostate Pakistani army received large piles of money from their American masters, in order to perform a vicious raid against the Mujahideen there, along with the American assistance from the skies. In this campaign they used what they call the policy of "scorched earth," resulting in the death of hundreds of Muslims, and maiming of several hundred others, and destroying their masjids and villages, and the number of fleeing migrants from this war has reached about a million. For us Allah sufficeth, and He is the best disposer of affairs

My Muslim brothers in beloved Yemen: You have risen against the corrupt regime in your country in order to topple it and change it to one that fulfills your demands, and America and the Gulf countries have worked to foil your uprising and to maintain the status quo. Even though they have changed the corrupt ruler, they have allotted the corrupt assistant his duties, and some internal powers have sided with the Americans and have joined the government leading it or going along with it towards destruction. Look at what they have lead the country to, to an undeserved ending, and the coalitions that have taken place in this corrupt government under the orders of America, and the Rafidah Houthis, is not hidden from you. Matters have deteriorated so much that they even occupied the capital, Sana'a, and the Defense Ministry, and some other important cities. You have witnessed with your very own eyes, the inability of some to repel them and fight against them, and you have seen that your Mujahideen brothers are the only ones who have stood against them with the sons of the tribes. This is a clear evidence that the ones who prioritize your interests and are ready to expend their money and blood are your Mujahideen sons.

We salute those defiant and free tribes who joined their Mujahideen brothers, and we ask Allah to bless them, and to grant them honour in this world and victory in the hereafter,

and to bestow them victory over the transgressing people. We also encourage the remaining zealous tribes to support and join the caravan of the Mujahideen, and we ask Allah to grant them victory and empowerment.

My honourable brothers in the Yemen of wisdom and faith: Hasten to help your Mujahideen brothers against the Crusader-Rafidah alliance assembled against you. Help them, aid them, and be with them, for they are the ones who are defending you, and spending their best for you, and all they seek is the establishment of the Shariah of the Most Gracious amongst you, so that you can enjoy the equality of Islam and live in the shade of His pure Shariah as honourable people.

In the end, I would like to take this good opportunity, and it is the first best chance, to send a message to the honoured and noble people who stood with us in a memorable position of great defiance, at the martyrdom of my father and my brother Khalid and their two companions, may Allah have great mercy upon them and grant them the highest levels of Paradise.

So to all the steadfast Mujahideen, the truthful preachers, the journalists and sincere writers, and the general Muslims, who conveyed their condolences and soothing messages, and to all those gatherings of blessed, defiant and good people, that set out to the masjids and squares, condoling, soothing and supporting, in spite of the fear of being followed by the security, I present to all of you... my sincerest thanks, gratitude, and appreciation. Your condolence has been conveyed to us, and what you intended has reached, and you have cooled our hearts and eased our hardship, and your sincere tears has wiped the sadness from our faces. May Allah thank your efforts, and bless your actions, and reward you on behalf of us and Islam and Muslims with all that is good.

O Allah! Raise for this Ummah its awakening in which people who worship You are honoured and those who disobey You are disgraced, and in which good deeds are ordered and bad deeds are condemned!

Our last supplication is that all praise be to Allah, the Lord of the Worlds.
